

New Staff in the DCS Tribal Relations Team

Please join us in congratulating and welcoming Jeannie Bowen as a Child Support Program Administrator in the DCS Tribal Relations Team (TRT). She will begin her new duties effective September 16th, 2013.

Jeannie has worked for DCS for over 16 years, serving as the Supervisor of the Tacoma Tribal Unit over the past 4 years. She has worked closely with local Tribal TANF and Tribal IV-D programs, and on several statewide tribal initiatives and projects. Her work experience has included serving as a CSD Financial Services Specialist, a DCS Program Analyst, and a DCS Support Enforcement Officer and Leadworker. Jeannie has been involved in many groundbreaking projects over the years, including leading or serving on several statewide workgroups: DCS of the Future Core Services, Process Service, Medical SDR, Forms Generation Centralization, and Birth Certificate Best Practices. Jeannie also worked on ESA's Baldrige application, DCS's WSQA application, and has project managed and facilitated numerous work groups. Most recently Jeannie served on 6-month Developmental Job Assignment (DJA) as a Lean Facilitator, delivering training on Lean concepts and facilitating Lean Value Stream Mapping. Jeannie brings great experience in working government-to-government with Indian Tribes, and in communication, diplomacy, job knowledge, project management, process improvement, and facilitation.

Welcome Jeannie!
